

DINESH M

Full Stack Web Developer (MERN Stack)

Narasingapuram, Ranipet, Tamil Nadu, India | +91 8098932041 | dinesh267dps@gmail.com

[Portfolio](#) | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Full Stack Web Developer pursuing MCA, specializing in the MERN Stack (MongoDB, Express.js, React.js, Node.js) with a strong foundation in C, Python, and Java. Built 6+ end-to-end web applications, including a campus interview management system and a full-featured e-commerce platform, covering authentication, real-time tracking, and admin dashboards. Recognized at state-level college competitions for coding, debugging, and creative problem-solving. Strong logical thinking and analytical skills, with a track record of turning ideas into working, scalable software. Eager to contribute to a development team, learn new technologies, and deliver high-quality solutions.

TECHNICAL SKILLS

- Frontend: HTML5, CSS3, JavaScript, Bootstrap, React.js
- Backend: Node.js, Express.js
- Database: MongoDB
- Programming Languages: C, Python, Java
- Tools & Platforms: Git, GitHub, VS Code, Power BI
- Operating Systems: Windows, Linux

PROJECTS

Symposium Management System

MERN Stack

- Built a complete MERN Stack platform to manage symposium events, registrations, and schedules.
- Implemented real-time participant tracking and an admin dashboard to streamline event coordination.

E-Commerce Website

MERN Stack

- Developed a full-featured e-commerce platform with product catalog, shopping cart, and order management.
- Integrated user authentication and payment processing to support secure end-to-end transactions.

Campus Interview Managing System

Feb 2025 | HTML, CSS, JavaScript, Python

- Designed a centralized web application to manage student details, company information, and interview schedules for campus placements.
- Reduced manual coordination effort and improved data accuracy for placement staff and students.

University Auto Seat Allotment

MERN Stack

- Automated seat allocation for university admissions based on merit, preferences, and seat availability.
- Built an admin dashboard to monitor and manage the allotment process in real time.

Voice Assistant

Python, Speech Recognition, NLP

- Developed a Python-based voice assistant with speech recognition and text-to-speech capabilities.
- Automated common tasks and query responses using natural language processing techniques.

EDUCATION

Master of Computer Applications (MCA)

2025 – 2027 (Pursuing)

- Focused on advanced computing, web technologies, and software development.

Bachelor of Computer Applications (BCA) — Voorhees College, Vellore

2022 – March 2025

- CGPA: 7.0
- Built a strong foundation in C and Python programming, database management, and problem-solving through consistent practice on programming exercises.

Higher Secondary Education

2020 – 2022

- Focused on Computer Applications and Commerce.

CERTIFICATIONS

- Python Developer — Sololearn (March 2024)
- Introduction to HTML, CSS & JavaScript — Sololearn (December 2023)
- Power BI — Simplilearn (December 2024)
- MERN Stack (MongoDB, Express.js, React, Node.js)
- Java Programming — Core concepts, advanced features, and application building

- Database Management — MongoDB Fundamentals

AWARDS & ACHIEVEMENTS

2nd Place — Coding & Debugging Competition

- Secured second place at C. Abdul Hakeem College of Engineering and Technology in a competition testing logical reasoning, code accuracy, and debugging speed under time constraints.

2nd Place — Meme Creation Competition, State Level Tech Voyage 2K24

Feb 2024

- Secured second place at Global College of Arts and Science in a competition focused on creativity, humor, and effective visual communication.

VOLUNTEERING

Event Organizer — College Symposium, Vellore

Sep 2024

- Co-organized the Mobile Application Development event during the college symposium.
- Assisted in event planning, coordination, and smooth execution of activities.
- Collaborated with team members to manage participants and schedules effectively.

LANGUAGES

- Tamil — Native proficiency
- English — Professional working proficiency (reading, writing, and speaking)
